Protests Against the German Suffrage Bill Marked by Disorder.

Berlin.—Demonstrations by the socialists throughout the kingdom, after mass meetings to protest against the suffrage bill, resulted in serious disturbances and the police at many places.

In Berlin several policemen were severely injured by stones thrown by rioters, and scores of socialists supporters received serious injuries from the sabers of the police.

SHIP GOES ASHORE

Disastrous Shipwreck in the Straits of Magellan.

51 LOSE THEIR LIVES

Pacific Navigation Company's Steamer Lima Driven Ashore on Island and Pilot and Fifty Passengers Lost Their Lives.

Santiago, Chile.—The Pacific Navigation Company's steamer Lima went ashore on one of the islands of the Huamblin passage of the straits of Magellan and will probably be a total loss.

The British steamer Hathumet rescued 205 of the persons aboard the stranded steamer, but was forced to leave 48 persons aboard, whom it was impossible to rescue.

The stranded steamer Lima is a British vessel owned in Liverpool and plying between that port and the ports of South America. She was last reported as sailing from Bahia Blanca, Argentina, on January 28, and was on her way to Chilean and Peruvian ports.

The Lima is 401 feet long, registers 2,115 tons and was built in Glasgow in 1907.

The place where the steamer was wrecked is probably Huamblin passage, located between the south shore of San Pedro island in Chile. It is a narrow passage, full of dangers and very difficult of navigation. Huamblin marks, two in number of 65 feet high mark the entrance to this passage.

Atlanta Uses Over a Thousand Dollars Worth of Vaccine Points.

Atlanta.—Approximately 30,000 persons have been vaccinated within the past ten days according to an estimate made by Dr. J. P. Kennedy, city health officer.

Dr. Kennedy states that the office of the board of health has used 25,000 vaccine points within the past ten days and this number does not include vaccine points used by other physicians in the city, whose points have been secured through the board of health department.

Women

Women who suffer from female ailments, frequently neglect their trouble, till a general break-down follows. Don't wait till your case is as bad as that—take Cardui in time. It is a safe, reliable medicine, for all women.

Take CARDUI

Mrs. Rena Bare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side, drawing pains in my legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. It will help you."

Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "ills of their sex." Usually the kidneys and bladder are responsible—or largely so. And in such cases, the kidneys and bladder are the organs, that need and must have attention.

Those torturing, enervating aches, headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness and constant tired, worn-out feeling—are almost certain symptoms of diseased and diseased kidneys, bladder and liver.

The Witte Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of female organism—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her. They are very pleasant to take, and can in no case, produce any deleterious effects upon the system—no syrup, alcohol, liquid prep—no sugar.

Northeast Sunday School Convention.

On Sunday the North-East District of Coffee County held its convention at Clintonville and the program was ably and efficiently carried out. Great earnestness was manifested by the speakers and hearers and many no doubt resolved that their work in Sunday school should be more earnest and enthusiastic hereafter. The talks and papers on the various subjects were very instructive and show that the speakers and writers were alert to the interest of the Sunday school cause. A fine representation from the various schools were assembled and the following cash and pledges were received:

Farmers Academy \$7.25

Clintonville \$5.25

Victoria \$2.50

Haw Ridge \$2.50

Deal School \$1.00

Enon \$0.50

These pledges show that the representatives from the various schools are alive to the Sunday school cause and are "Doers of the work and not hearers only."

The most charming features of the day were the beautiful sermon on ministerial co-operation by Rev. Mr. Dawson and the delightful lectures on missionary work in the Sunday schools by Hon. J. A. Carnley and Rev. J. M. Lotlin.

We pray that great and lasting good may be the outcome of this convention. And that many who were there may become zealous workers in the great cause. A

crowded house and the best of behavior indicated a cultured people deeply interested in those things that do to make life here nobler and better and lay the foundation for that happy land "Beyond the clouds and beyond the tomb."

At one o'clock the convention adjourned for dinner and when the tables were prepared a general invitation was given to all to partake, and such a dinner, Rome in its greatest opulence never dreamed of such a feast, while its bounteousness spoke of the Eastern knights of old.

Talk of the pectar of the gods—but for a dinner that tickles the palate, nourishes the body, and fully satisfies, commend me to the people of Clintonville.

Before adjournment the following resolution was offered and carried enthusiastically:

Resolved: That the thanks of this Sunday school be tendered the pastor and members of the Clintonville church, the people of Clintonville, and the surrounding communities for their generous hospitality in supporting and caring for this convention so faithfully and well for which we shall hold them in grateful remembrance and pray that they may receive the richest blessings from the giver of all good gifts.

At three o'clock in the afternoon the convention adjourned and with fare-well tokens, the people separated for their homes, many feeling that they had made

Platform of J. E. Pittman Candidate For Representative.

To The Voters of Coffee County:

As a candidate for Representative, I feel it my duty to make some statement of my views on some subjects, for some people may not think some things are right that I think are, so that my saying I will do what is right may not be plain enough. I can not tell what I will do on every measure that will come up, for no one knows what may come up. But I can tell on some lines that will surely come up.

FEWER LAWS.

If the people of Coffee County honor me by making me their representative, I will favor fewer laws and those better enforced.

ECONOMY.

I will favor an economical government, with the people's money carefully handled and spent, and am against wasteful expenditures. I will oppose with all my might creating new and useless offices and will oppose increase of pay of officers.

REDUCED TAXES.

I will work for laws that will make the burdens of taxation bear equally, and I will favor the

THE BIGGEST & BEST YET.

THE CLIPPER offers its readers the best, and biggest combination it has ever been able to procure. It is not as showy an offer as it has made in the past, but it is decidedly the best. There is nothing in it that you cannot use; and each item is the best of its class.

Here is The Offer.

Regular price of all 2.60

THE CLIPPER you know; we want to tell you about THE SOUTHERN FARM GAZETTE. It is a farm paper such as you need to help you on your farm; it is not the sort that tells about so many funny things that you cannot use or try, but it is a Mississippi and Alabama farm paper. It helps at the kind of farming you do and are trying to do. It is not over your head, but is on a level with you. Then it is a weekly paper; most farm papers that you see are published every two or four weeks, this one is published once a week, and so is much more valuable than monthly or twice a month papers.

THE SEED are Amel Golden's best—the sort we have in years past given in combinations; they are fresh, and the best money will buy.

Below you will find an order blank, mark opposite each sort of seed, number of papers you want up to 12, and we will send them by mail to you. We will send to one person and papers to another, or one paper to another, or almost any way you want, if you'll write us a letter telling how you want it fixed.

You may want to know how we do this. Well in the first place it is a bargain offer we make just to make things lively. In next place, we have bought the Farm Gazette subscriptions in large number at close price and the seed the same way.

Do not ask us to do so—we must keep ourselves where people living at a distance have an equal chance at these premiums by being able to mail them, and beans and other heavy seeds cost more to mail than they are worth.

MY RECORD.

I will, if you send me to the capital as your representative, try to represent the people and their interests, and will act for what I believe is to their interest on matters I have not mentioned. I will attend regularly: I will try to keep in line with what is being done. I will take an active part in the work of committees, where the real making of laws is done. I am not a flowery speaker, but I believe that I can serve you well and faithfully in the legislature, where as a rule there is plenty of flowery speaking.

My experience as a school teacher or when a young man, and as a trustee since then, I believe makes me able to do good work for the common schools. My work as a county commissioner I believe will help me greatly on legislation relating to fair taxation, revenues and spending of county and state money. I am a farmer and feel

INSURANCE.

I approve of the new laws that were passed about life and fire insurance, and I favor other laws along the same line so as to make it impossible for dishonest insurance companies to defraud our people who buy policies in their companies. I believe laws can and should be passed which will make it impossible for people to lose their insurance.

RAILROAD LAWS.

I am not in favor of any laws which will hurt legitimate business or railroad interests, but I am in favor of keeping laws which insure the people fair rates. I think that the new low freight rates and passenger rates are not too low, as the railroads are making more money than ever before, and I will oppose allowing the railroads to go back to the old high rates. At the same time, I am not in favor of mistreating the railroads, for those we have have been great developers, and we need more railroads to develop our resources and give service to the people.

WHISKEY LAWS.

As I said in a card in the newspapers when I announced, I was opposed to the prohibition amendment because I believed it was dangerous. I was like most of the people who opposed the amendment; I was not for whiskey selling in Alabama, and am not now so. I favor laws that will keep whiskey out, but I am not in favor of harsh or burdensome laws on whiskey, but of such as the justice and good sense of our people will approve after proper trial.

FARM WORK.

I am in favor of laws that will bring the work of the agricultural department close to the people who need it, the farmers, and will favor the passage of laws that will bring the experiments where they will help the people, and will bring the agricultural school work into all the counties and make it helpful to all the farmers and not merely to a few people in a few communities. I am in favor of laws that will enable the farmers to get honest fertilizers and fair weights.

REGULARLY NOW.

Pea River Power Plant Works Beautifully, Being Up-To-Date.

The Pea River Power Company is now carrying its full load of business on its new installation on Beaver Dam Creek. The street lights are pronounced by all to be as good as any town has, while the private consumers, high grade.

It will be remembered that some times ago the plant was destroyed by fire. The new installation is superior in many respects to the old.

The Pea River Power Company has running over its dam at Beaver Dam only one hundredth as much water as passes its dam sight on Pea River, where it is expected that operations for an immense development will soon begin. Dr. Boyd the manager, has been handicapped in many respects, or the development would have been finished. He and his associates are sanguine over the outlook, as they have cause to be.

For State Senator.

I hereby announce myself as a candidate for State Senator from the 25th Senatorial District (composed of the counties of Coffee, Crenshaw, and Pike), subject to the rules and regulations of the Democratic party as prescribed to govern the primary election to be held May 2, 1910. My platform follows:

Schools—I shall support all measures enabling the children to secure the highest practical education.

Confederate Veterans—I will be as liberal with the veterans as the finances of the State permits.

Good Roads—I will use my best efforts to enact laws which will improve the highways of the State without unduly increasing the burden of taxation.

Liquor Traffic—After giving the prohibition laws a fair and impartial trial and they prove to be failures, I shall favor local option (on a population basis, with the county as a unit where practicable) surrounded with such safeguards as will not permit the return of the evil that attended the old way of conducting the liquor traffic.

Useful offices—I shall labor for the repeal of all laws that provide for useless offices.

Taxation—I shall labor for the adjustment of taxation so that all shall bear their just share of the burden of government.

In all other matters I shall be governed by the will of the people whom I represent.

a Sabbath day's journey towards Heaven and immortal glory.

May the richest blessings of Heaven rest on all and may it be a day long to be remembered, and special blessings be the part allotted to the people of Clintonville until we may all meet where these will be no parting is the prayer of your humble servant.

C. W. Folsom, Sec.

Affairs of Sand Hill.

Farm work of the community is progressing nicely, more grain having been sowed than ever before with all indications of an unusually large corn crop being planted which of course is the foundation of successful farming. Cotton being only a side issue with our farmers.

Two of our farmers purchased, a few days ago, ninety bushels of seed ground peas, for planting purposes. The unusually large hog crop that has just been marketed at fancy prices has caused our farmers to be all smiles, "popping goober, and feeding the pigs" being the pass time these rainy days since we are having quite a lot of rain, it being too wet at present to do anything else except to grind our axes.

Farmers Academy High School is running on full time with a little more than two months yet ahead with an efficient faculty headed by Prof. W. H. Jones. Quite a number of our people, together with the entire faculty of our school, attended the Teachers' Institute at Elba Friday and Saturday of last week, all bring back glad tidings of great joy and say many good things about Elba's hospitality.

The district Sunday School convention held at Clintonville was all that heart could wish. Quite a large crowd present taking great interest in the fine talks and papers on Sunday school work and a long table groaning with the good things to eat was an important feature to a great many present. The candidates being all smiles. All of them say that their chances are excellent. Possibly some of them are mistaken. Will advise you about that a little later.
